
CLEANER DEGREASER

Revision: 12/03/2009**Page 1 of 1****Technical data:**

Base	Based on a 100% hydrocarbon solvent
Consistence	Liquid
Density	0,75 g/mL
Spray rate	3,3 g/sec
Acidity pH	Neutral
Solubility in water	Insoluble
VOC content	97%

Product:

Powerful quick-drying cleaner and degreaser for various maintenance and assembly jobs.

Applications:

Suitable for cleaning and degreasing mechanical parts. Also suitable for the preparation of surfaces for the application of sealants or adhesives. For the removal of uncured excess MS, PU or silicone sealants, tar residue, grease, wax,... Can be used on most surfaces (metal, plastics, PVC,...) and leaves no residue.

Characteristics:

- Cleans and degreases
- Leaves no residue
- Quick-drying
- Aerosol can be used in any angle (360°)

Packaging:

Colour: transparent

Packaging: aerosol can of 400 ml

Shelf Life:

3 years in unopened packaging in a dry and cool environment at temperatures between +5°C en +25°C.

Instructions:

Shake the can well before use and spray from a distance. Always rub the surface dry in the same direction with a dry cloth. In case of application on rubber parts and varnished or treated surfaces a preliminary compatibility test is required.

Health and Safety Recommendations:

Use only in well-ventilated areas.

In case of contact with eyes, wash immediately with plenty of water.

Remark: The directives contained in this documentation are the result of our experiments and of our experience and have been submitted in good faith. Because of the diversity of the materials and substrates and the great number of possible applications which are out of our control, we cannot accept any responsibility for the results obtained. In every case it is recommended to carry out preliminary experiments.
