

# STAY Fresh

## Ultimate Anti-mould Shower, Bathroom & Kitchen Sealant

**STAY FRESH** – eliminates all problems associated with traditional sealants when used in areas of high humidity - a permanent end to unsightly mould and fungus, discolouration, adhesion problems and bad odours.

**FOOD SAFE** - Safe to use in the kitchen and around food preparation areas.

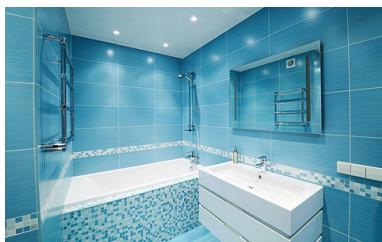

**DUAL ACTION** - Includes both fungicide and biocide, but still safe for use in food preparation areas.

**LOW ODOUR** - It does not smell of vinegar, doesn't contain or release acids and is compatible with all plumbing materials including copper piping.

**SOLVENT FREE** - Contains no volatile solvents and does not shrink after use.

**ADHESION** - Compatible with most sanitary & building materials including: Acrylic, PVCu, Copper, Steel and many more...

**LOW EMISSIONS** - Stay Fresh is classified as a low emission product, rated A+ Indoor Emission Level and EC1 plus under GEV-EMICODE.

### APPLICATIONS

- Sealing around flooring perimeter joints
- Sealing in kitchen areas

**COLOURS** - Ice White, Clear, Ivory, Black & Grey.

## LIFE TIME GUARANTEE

not to discolour due  
to mould growth

If Stay Fresh discolours due to mould growth during its lifetime, return cartridge and receipt of purchase to Soudal for a full refund including postage. This guarantee does not remove the need for regular cleaning. Stay Fresh has been treated to prevent mould-, mildew- and bacteriagrowth but this treatment is not a substitute for regular cleaning. Soap or other deposits on top of the sealant can also grow mould. This does not affect your statutory rights
